

Plumbing Travelling Exhibitions

Exhibitor Service Package

Items supplied by PTE:

- Trolley to offload equipment:
- Lights in tents in winter
- Shell scheme (3m x 2m)

Electricity:

- 1 X 220V power (max. 15 amps) per stand/exhibitor
- 380V available (40 amps); a 10% surcharge will be charged

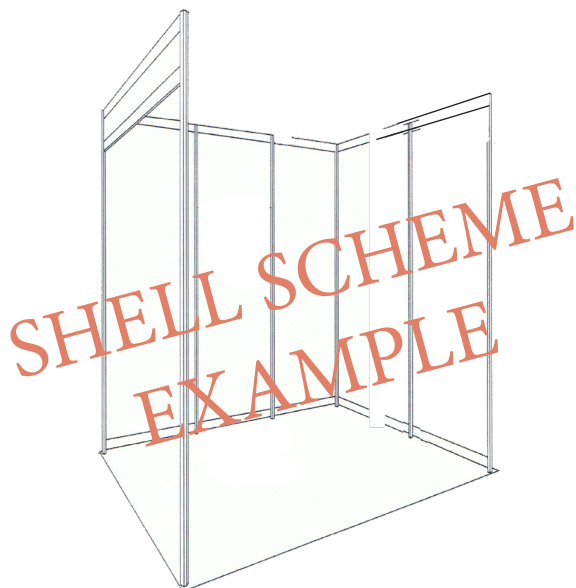

Note: If you require more than the equipment mentioned above, please advise us seven (7) days before the expo. You will be quoted separately.

Items NOT supplied by PTE:

Unfortunately, we do not supply the following items to our exhibitors:

- Stationery
- Snacks
- Tablecloths
- Double adapters
- Two-pin plugs
- Cable ties or double sided tape
- Extension cords

NOTE: Forklifts – We can source one from an external company in the area. This cost will be for *your own account*.

Shell scheme size = 3 x 2m
(not freestanding)

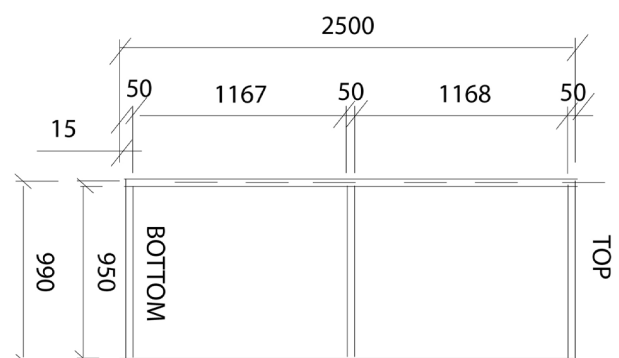

Optional extras: Tables and chairs

PTE wants every expo to be a success by assisting exhibitors to make each stand their own. Therefore, exhibitors can hire tables and chairs from us, eliminating one more stress.

Tables and chairs must be booked one week in advance of the expo to avoid disappointment as stock is limited.

Payment can be made before the expo via EFT or together with payment of your stand. Payment must be made at the expo if not paid before the expo with either cash or card. No payments can be made after the expo. Please ensure that you collect booked tables and chairs well in advance before the expo starts to avoid the rush.
